More than a PSW...

"Families often expect government-funded PSWs to meet all their loved ones' daily needs, but the reality is far from this. With overwhelming demand, PSWs are stretched too thin, often limited to providing personal care in just a few minutes. This leaves families stressed and seniors without essential support. That's where Cocoon Senior Services comes in!"

-Lisa Brooks,
Founder of Cocoon Senior Services

Partner Services

We have connected with multiple service providers in the local area to be able to offer more ways to serve seniors in our community.
